# Guild Information

## Guild History

<Trash Mob Death Machine> has been a guild on Illidan since The Burning Crusade, initially formed by **Nethrus**. It raided as a one-day-a-week casual guild until Cataclysm when the raid's goals were changed to be closer to semi-hardcore. During the Firelands tier, **Nethrus** needed to step away from the game. Leadership of the guild was passed to **Zarillion**, who is the current guild and raid leader.

The guild continues to maintain a semi-hardcore environment and has raided in some capacity during every tier. We have casual members and raid-oriented members, some of whom have been around since the start. The guild has *numerous* Cutting Edge achievements and is the longest standing raiding guild on Illidan.

## Guild Officers

- **Zarillion** - Guild/Raid Leader
- **Keyona** - Recruitment Officer
- **Jokeboss** - Raid Strategy & Review Officer
- **Rolanor** - Raid Traffic Control Officer
- **Promise** - Attendance, Bank & Healing Officer
- **Siknd** - Loot Master

## General Rules

- We maintain a strict no-elitist environment in our guild. We play the game primarily to down bosses and have fun, not to put other people down or create drama.
- Do not say racist or offensive things in guild chat or Discord; know your boundaries.
- Help others when you can. There are no stupid questions and everyone plays the game at their own level.
- Bring any and all issues to the officers *first* -- that’s what we’re here for.
